# WHO WE ARE

## TIM MORRISETTE OWNER

Owner and primary creator, Tim is the main person you will deal with. Tim shoots and edits everything you have seen come from Morrisette Media, and loves every minute of it. His favorite part of any project is working directly with the clients to ensure their experience is the best they can get, and will work tirelessly until the job gets done. He also has a slight obsession with camera gear and computer equipment. Tim has years 8 of experience in the financial industry, and 7 years of experience in creating content and digital media all around the internet. He leads through projects with a servant's heart, and makes sure the job gets done the right way, regardless of how long it takes.

## VP, SALES ZACK POSTON

Zack is a long-time B2B and B2C sales guru that is a genuine people person and he might just be your best friend after a conversation with him. Zack has 10 years+ experience in high-pressure sales environments where he always balanced customer needs with company offerings to come to the best middle ground.

Zack is likely going to be the person you speak with when working with us for the first time, and you are going to be in great hands when he answers the phone.
